MCPHD announces meetings to share community funding opportunities to be awarded as a part of its Health First Indiana funding

The Marion County Public Health Department is allocating up to \$10 million of its Health First Indiana (HFI) funding in 2025 to award grants to community groups who provide programming that addresses core public health services identified in the HFI statewide initiative.

The next two public meetings to present information to the community and answer questions about the grant funding and application opportunity are scheduled for the following times and locations:

Monday, October 7

Indiana Interchurch Center

1100 West 42nd Street, Indianapolis (1st Floor Dining Room)

10 a.m.-Noon

Friday, October 11

Kiskeya Cultural Complex

4330 N. Post Road, Indianapolis

2-4 p.m.

The grant application cycle begins on October 15, 2024. The application deadline for grant funding is November 18, 2024. Grants will be awarded on December 16, 2024.

Funding is for a 12-month period beginning January 2025. The four funding levels are:

1. Less than \$25,000
2. \$25,000-\$75,000
3. \$75,000-\$300,000
4. \$300,000 and above

Details about the funding that Marion County is receiving as part of Health First Indiana is available at <https://www.in.gov/healthfirstindiana/your-community-info/>.

Information about Health First Indiana, including the core public health services, is available from the Indiana Department of Health at <https://www.in.gov/healthfirstindiana/>.
